Session IV

Group Session 1

Thematic Issues around Farmer Needs and Priorities

There will be a small presentation by each facilitator on
issues around each theme identifying what needs to be discussed

1. *What and which are the research needs identified for the group that can have the most development impact benefiting the poor?*

In answering this question the Workshops Groups should consider the following:

- a. The extent to which the research needs and their priorities identified from the regional review and e-consultations capture the key regional needs as related to your group for delivering greatest development impacts? (i.e., “researchable themes”)
- b. In relation to “researchable themes”, the mechanisms and partnerships that are required in innovation pathways turning research into development impacts at a larger scale such as the country and region.

15:30 – 16:00	Coffee Break
16:0-18:00	Group Session 1 Continued
	The facilitators will prepare the reports of each Group's work for presentation on 17 October morning
